On the Bridges for Island Pupils of City-side Schools.

ADVERSE OPINION TO PROJECT

SUBMITTED BY JUDGE CRANMER TO BOARD OF EDUCATION LAST NIGHT - THE BOARD HASN'T THE LEGAL RIGHT TO DISCRIM-INATE IN FAVOR OF ONE SEC-TION OF THE CITY-THE FUL-TON SCHOOL BOARD CONTRO-VERSY CONSIDERED.

The board of education held a regular meeting last night with a fair attendance of members, President J. A. Jefferson in the chair. The usual committee reports were received, and the resolution introduced several months ago, calling for the payment of the bridge tolls of Island children attending city-side schools, received a death blow in the opinion submitted by Judge Cranmer. The session was an interest-

The finance committee submitted Judge Cranmer's opinion relative to the legality of paying bridge tolls for Island children attending the High and Lincoln schools, Judge Cranmer held to the opinion that the board of education had no authority in paying the bridge tolls, and he cited many court rulings of West Virginia and other states in support of his opinion. board could not exercise any jurisdiction other than that granted to it; it was a creation of the law and not a law-maker. And in paying these tolls, argued Judge Cranmer, the board would be discriminating in favor of one section of the city. In brief, the legisla-ture didn't grant the board the authority to pay the Island children's tolls.

The reading of this opinion led to a discussion as to the legality of the The reading of this opinion led to a discussion as to the legality of the board's paging for the tuition of children attending a school—Fulton—outside of the independent school district of Wheeling. The board has been paying a certain sum annually for years, for children living near the Terminal tunnel, quite a distance from Washington school. None of the board sought to uphold its legality, other than it wasdone in all fairness and that the precedent had been established.

The Falton board asked for more money this year, and its claim was presented to the board by the finance committee, which recommended the payment of \$30, of which sum part had been paid. After the defeat of several amendments and motions, the Fulton controversy was referred to the committee on teachers and schools. The committee will investigate the distances separating the children from Clay annex and Washington school.

Then Mr. Maxwell moved to get a reconsideration of his Island bridge toil resolution, but his motion was laid on the table by a vote of 6 to 3.

On motion of Mr. Hubbard the sum of 330 was appropriated for the repair of furnaces at Lincoln school.

Miss Bertha M. Fette was confirmed as teacher in Ritchie school, and promotions of teachers in Clay district were confirmed.

A resolution introduced by Mr. Noble giving control of Lincoln school to committee on reachers and schols, was referred to the committee on rules and regulations. Before the redistricting, Lincoln school was in Madison district, and controlled by the Madison commissioners.
